VICE PRESIDENT OF NEGRO WOMAN FOUND TRUSTY GETS LIQUOR GAS EXPLODES, EIGHT PEOPLE INJURED IN SALT LAKE

A large party of prominent government officials and their wives is scheduled to depart from Chicago to-night on the Overland Limited for San Francisco, according to a telegram received at the local Union Pacific ticket office today.

Among the prominent men in the party are Vice President Marshall, Secretary of the Interior Lane, Assistant Secretary of the Navy Roosevelt, and Chairman Miller of the Federal reserve board.

Mr. Marshall is making the trip to the coast as special representative of President Woodrow Wilson who has postponed his visit to the San Francisco and San Diego fairs until summer.

The party is scheduled to arrive in Ogden at 10:40 a. m. Friday, and to depart about 15 minutes later.

SMALL BOYS START A BLAZE IN GRASS

Small boys and matches were the cause of a small fire at noon today on the premises of C. A. Bell, at 551 Twenty-ninth street. The boys started a fire in some dry grass and this spread to a shed.

The fire department made a run to the place and extinguished the blaze before much damage was done.

E. A. BELL TO BEGIN WORK ON NEW CAN FACTORY

After living in Ogden since last July, Mr. and Mrs. E. A. Bellou departed for San Francisco last evening, where they will remain about 30 days. They will then return to Ogden to remain about a month while Mr. Bellou supervises additional installation of machinery in the can factory on Twentieth street.

Mr. Bellou is the construction engineer for the American Can company and he has had charge of the building of the factory in Ogden. In San Francisco he will start construction on a large can factory.

NEW MACHINE TO BE USED ON COUNTY HIGHWAYS

The road scarifier, recently purchased by the county board of commissioners, arrived this morning and it will be placed on the road in the vicinity of North Ogden within a short time. The machine weighs more than three tons and will require all the power of the large county steam roller to operate it.

The scarifier will be used to cut up the surface of the road and prepare for new rolling, after the surface has been leveled. It will be placed on the canyon boulevard, where oil will be used instead of water in covering the surface to settle the dust.

Road Commissioner Ralph Corlew states that oil sprinkling on the canyon road will not begin until the surface of the boulevard is perfectly dry, and it is thought that one oil surfacing will answer the purpose this year. The oil has been contracted for, but the apparatus which will be attached to the regular sprinkling wagons for the distribution of the oil has been decided upon.

The south Washington grade has been completed and gravel surfacing will begin as soon as the new grade has had time to settle and has been thoroughly rolled.

CASES AGAINST JAMES H. MARTIN

On motion of District Attorney John C. Davis, County Attorney Joseph E. Evans has been entered as associate counsel in prosecutions that may be instituted on criminal charges against J. H. Martin in connection with black-mail operations of the past few years.

There are three cases pending against Martin in the district court, but hearings have been continued from one term to another since the grand jury found the indictments. It is said, however, that there is a likelihood of having one of the cases set for trial for the May term of the district court. Martin is serving a term of five years in the penitentiary for an assault made on David Edwards, a Pinkerton detective, November 9, 1913.

OHIO PARTY GOING TO WORLD'S FAIR

The first of a number of parties that will tour California and the west this spring and summer, under the direction of the World's Fair tour company, will reach Ogden tomorrow.

The party is from Cleveland, O., and numbers nearly 100 persons. They will be brought to Ogden on Union Pacific train No. 19, and are occupying two twelve-section standard sleepers and an observation car.

NOT GUILTY BY CITY JUDGE

Attorney Wade Johnson, who acted as trial judge yesterday in the case of the City vs. Violet Lee, rendered a verdict of no cause of action and ordered the defendant set at liberty this morning. The woman, who is a negro, was charged with selling liquor without a license.

The regular session of the municipal court followed the rendering of this decision and occupied only a brief space of time. Ray Girden and Charles Ford pleaded guilty to charges of drunkenness and were given suspended sentences. K. S. Brewer, a transient, was sentenced to serve one day in jail for "mooning" from a woman.

Jerry Casey was charged with mendacity and disturbing the peace, it being alleged that he was begging on the street and had insulted a woman who refused his pleas for assistance. He pleaded not guilty to the charge and his hearing was set for Monday morning.

Roy Mabree paid the expenses of the court session by forfeiting \$10 bail, which he put up Monday for his appearance in answer to a charge of exceeding the speed limit in an automobile. He was arrested Monday night at Monroe and Twenty-fourth street by Officer William Reast.

GRADING ON LINCOLN FOR EXTENSION OF CAR LINE

The Ogden, Logan & Idaho Railway company has men and teams at work grading on Lincoln avenue, between the Ogden river bridge and Seventeenth street, and in establishing switches at Seventeenth and Lincoln and at Seventeenth street and Washington avenue.

Ties have been laid over the bridge and rails will be placed in the course of a few days. In the meantime, the Ogden Short Line company will be required to raise its tracks near the bridge to the level of the roadbed and the track along Lincoln avenue, between the bridge and the Twenty-fourth street interurban terminal, will be raised slightly and ballasted. The new road ready for operation before the time of the April conference.

Manager P. D. Kline states that Lincoln avenue, north of the bridge, will be graded from curb to curb and surfaced with gravel. The D. H. Peery estate granted a right of way through its peach orchard for the opening of the avenues, with the understanding that the street would be graded to conform with the avenues extending south from the bridge.

MRS. MARTHA WHEELER DIES AT HOSPITAL

Mrs. Martha Wheeler, wife of Frederick Wheeler of Plain City, died this morning at 7:30 o'clock at the Dea hospital after an attack of apoplexy of which she had been a sufferer for years.

Mrs. Wheeler was born in Plain City, October 12, 1861, the daughter of Alonzo and Martha S. Knight. She was married to Frederick Wheeler in Salt Lake City in 1883. For many years Mrs. Wheeler was active in the Mormon church being a member of the Plain City Relief society. She is survived by her father, husband and the following brothers and sisters: Mrs. Amanda Richardson of Plain City, Dexter Knight of Soda Springs, Idaho; John F. Joseph and Samuel Knight of Warren, Utah; Mrs. Kate Jeremy, Salt Lake, and Mark M. Knight of Plain City, also the following sons and daughters: Fred M. Alonzo, Millie E. Dora and Joseph Wheeler of Plain City and seven grandchildren.

Remains are at the Lindquist mortuary pending funeral arrangements.

PIONEER OF STATE CALLED BY DEATH

William Godfrey, aged 74 years, a pioneer of this state, died of Bright's disease at the home of his daughter, Mrs. J. Sarsar, 330 Washington avenue, this morning at 2:30 o'clock. He was born in Rockland, New York, December 23, 1841, the son of Joseph and Anna E. Godfrey. In 1852 he became a member of the Mormon church and immigrated to Utah, first residing in North Ogden and later moving to Park Valley where he acted as bishop's counselor for a number of years. Mr. Godfrey was married to Miss Lucy E. Williams in Salt Lake City in 1867. His wife and the following children survive: Mrs. Bertha Sarsar, Ogden; Mrs. Minnie Roylance, Pleasant View; Joseph A. Godfrey, St. Anthony, Ida.; also three sisters, Mrs. Gerald Rock, Hibbard, Ida.; Mrs. Nellie Webb, Preston, Ida.; and Mrs. Mary E. Cuttle, Hartsel, Canada. Remains are at the Lindquist chapel and funeral arrangements will be announced later.

AND OBJECTS TO A SEARCH

David Barnes, a trusty at the county jail, became so obstreperous last evening that Deputy Sheriff George Leatham was compelled to handle him rather roughly, the result being that David was returned to his cell and will likely remain there the balance of his term.

Barnes slipped away from the court house grounds and succeeded in getting hold of a flask of liquor. When he returned to the sheriff's office, Deputy Leatham questioned him as to whether he had liquor on him, to which Barnes replied that it was none of his business. Leatham then undertook to search the man. Barnes resisted and the officer had to use strenuous methods.

BILL'S AFTERTHOUGHT.
Two tottery derelicts had just finished a repast at Bethel Mission—one of the spreads that are being laid out for the unemployed. They were filled and comfortable and disposed to reminiscence of their experience.

"Did he get a piece of that beef, Bill?" asked one of the other.
"Yep," said Bill.
"An' did he get some o' that soup?"
"An' coffee?"
"Yep."
"Couldn't o' asked for more, could he?"
"Well, I un'no," said Bill.
"Well, what would he asked for?"
"I was just a-thinkin'," said Bill, "that to make that grub set right in every way, if we'd a just had a little high ball to 'a' started it off with, there'd be nothin' a'tail now to kick about."—Louisville Times.

THEY EXPLAIN "SLUSH FUND"

Indianapolis, Ind., March 17.—Contributors to the so-called "slush fund" and to the defense fund in the present case were described by saloon and gambling house proprietors in the trial of the Terre Haute election fraud case today. Before the gaming house keepers were called, Frank T. Drake, a Progressive election sheriff in precinct B of the Seventh ward, told of his arrest at the polls by Dennis Shea, sheriff and a defendant.

"We had some trouble about voting foreigners," testified Drake, "and I objected to voting men who did not have their citizenship papers. About 3 o'clock in the afternoon Shea and three others came to the polls, took my gun, struck me, called me vile names, threatened my life, and locked me up."

Gamblers Donate \$400.
Phillip "Pop" Burns testified he conducted a "little game of chance" over a restaurant conducted by William Doyle one of the twenty-eight men on trial. He said Doyle was his partner. He said together they gave \$100 for registration and \$300 for the election and that he gave Eli H. Redman, another defendant, \$100. He testified Redman said he would pay it back.

Albert and James Shea, who conduct Shea Brothers' saloon and gambling house, testified they paid \$200 for registration, \$400 for the election and that James gave \$200 to Mayor Donn M. Roberts for the defense in the present trial. James also testified that he loaned Eli H. Redman \$300 and gave him another \$100. He said he had never collected any part of the \$300 loan.

On cross-examination the defense attempted to show that the \$300 was given by Shea to Roberts in behalf of John Messelink, another defendant, and a brother-in-law of the Shea brothers.

Several keepers of saloons and gambling houses testified they had sent money for election and registration funds to John P. Nugent, assistant chief of police.

Woman Turned Away Repeater.
Mrs. S. C. Stimson, a prominent suffragist of Terre Haute, the first of a number of women who will appear as witnesses for the government, testified she held a poll book at a precinct in the red light district. She succeeded, frequently, she said, in having alleged repeaters turned away, but more often failed. She testified that the Republican challenger was never permitted to enter the voting room, which Jack Hines, a Democratic worker and one of the 88 who have pleaded guilty, told her that the vote over the city was light and that it would have to be made up in the Sixth ward.

Mrs. Stimson read a statement of incidents that occurred on election day, such as the number of times certain names were voted and the failure of some of the repeaters to remember their fictitious names and addresses.

Tampered With Voting Machine.
"You can't get by this time," the lady says she knows you," Mrs. Stimson testified Jack Hines said to a group of negroes who had been trained some time before to vote. The men who served as Democratic watchers said Donn M. Roberts called the inspectors together and instructed them how to raise the lever on the voting machine so that it would not register when "niggers or dummies" or "men who didn't vote right" tried to vote.

George Lewis, Charles Patton and William Hummel testified that Roberts told them they were "bosses of the election" and they were the only ones permitted to operate the voting machine.

AMERICAN BARK GOES AGROUND
Berlin, March 17, by wireless to Sayville, N. Y.—An announcement made today by the Overseas Agency today indicate that a number of men lost their lives in the wrecking of the American bark Pass of Baltimore, which went ashore near Sylt, one of the north Frisian islands. The announcement says that seven members of the crew were saved by life guards from a coast patrol station.

Shipping records do not give the complement of the Pass, a vessel of 1,600 tons. It is probable that a ship of her size would carry a crew of about 20 men. The Pass was bound from New York for Bremen with a cargo of cotton.

UNIQUE MEETING HELD IN LONDON

Factory Owners, Labor Leaders and Representatives of Many Industries Confer With Chancellor.

COMMITTEE APPOINTED

Men to Advise Government Concerning Industrial Problems—To Select Man to Head Organization.

London, March 17, 5:30 p. m.—Factory owners, labor leaders and representatives of the engineering, shipbuilding, coal mining, transport and other industries had a meeting in London today with David Lloyd-George, chancellor of the exchequer, a member of the committee of imperial defense, naval and military officers of high rank and other government officials, to discuss the problems arising from the decision of the government to assume control of factories in England and thus increase the production of war material.

The conference was unique in history at the same time being one of the most important meetings held since the beginning of the war. The first step decided upon was the appointment of a committee of seven, composed of labor officials and representatives of all the industries concerned, to act in an advisory capacity to the government. The selection of a man to head this great organization was tentatively discussed, as was the remuneration the workman should receive under the new arrangement. Mr. Lloyd-George delivered a brief address and the labor delegates promised the government their whole support.

London, March 17, 6:25 p. m.—The official information bureau made public today the correspondence exchanged by the governments at Washington and London concerning war at sea. At the same time it announced the simultaneous giving out of this correspondence at Washington.
